COMMITTEES:
APPROPRIATIONS
BUDGET
HEALTH, EDUCATION, LABOR,
AND PENSIONS
VETERANS' AFFAIRS

June 23, 2021

The Honorable Brian Schatz
Chairman
Subcommittee on Transportation, Housing and
Urban Development, and Related Agencies
Dirksen 184
Washington, D.C. 20510

The Honorable Susan Collins
Ranking Member
Subcommittee on Transportation, Housing and
Urban Development, and Related Agencies
Hart 125
Washington, D.C. 20510

Dear Chairman Schatz and Ranking Member Collins:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Patty Murray
United States Senator

**Murray, Patty(D-WA) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Aberdeen	Construction of an overpass over existing Puget Sound & Pacific Railroad track which will reduce congestion and improve emergency services access along US Highway 12.	Aberdeen WA	\$2,080
City of Battle Ground	Re-alignment and widening of SE/NE Grace Avenue in Battle Ground to improve road safety and increase pedestrian accessibility.	Battle Ground WA	\$2,500
Western Washington University	Temporary capacity expansion of the existing child development center as well as a space needs assessment and predesign study for a broader, long-term capacity expansion.	Bellingham WA	\$250
City of Bremerton	The primary result of the Quincy Square project will be a new Festival Street with pedestrian-centric improvements that include lighting, seating, infrastructure to support events and street closures, bicycle facilities, landscaping, and public amenities.	Bremerton WA	\$2,500
Seven Acres Foundation	Construction of new community center with gym, auditorium, children's play area, meeting and event rooms, work space center, commercial kitchen, and office spaces.	Chelan WA	\$900
Snohomish County	The project purpose is to improve capacity and provide congestion-relief on the westbound US 2 Trestle.	City of Everett, Snohomish County WA	\$2,100
City of Washougal	Final design and permitting for a new underpass at 32nd Street along the BNSF railroad crossing.	City of Washougal WA	\$1,600
North Olympic Regional Veteran's Housing Network	Construction of a group home to house and provide supportive services to seven veterans formerly experiencing homelessness.	Clallam County, WA WA	\$900
Catholic Charities Eastern Washington	Construction of permanent supportive housing community for low-income families who have experienced homelessness. The campus will include an early childhood learning center and a congregate family living facility.	Colville WA	\$1,500
Island Transit	Island Transit is requesting \$3 million in project funding to build the South Whidbey Transit Center, located on the HWY 525 corridor just a few miles from the Clinton ferry terminal.	Coupeville WA	\$3,000
Town of Darrington	The requested funding will be used by the Town to construct new roadways that are vital to the 65-acre Darrington Wood Innovation Center (DWIC) campus, to the operating businesses and their employees, and to future opportunities for access by adjacent property owners and other businesses that are expected to be developed within the campus. The campus requires the construction of approximately 1,050 linear feet of access road from SR 530 to the DWIC site and approximately 4,500 linear feet of circulation roads within the Town-owned DWIC campus.	Darrington WA	\$1,300
City of Everett	The project would replace the current Edgewater bridge built in 1946 that is at the end of its useful life. While safe for daily use, it is functionally obsolete, structurally deficient, and currently operates under load restrictions. The replacement will meet modern seismic safety standards and have one 12-foot vehicle lane and one 5-foot bike lane in each direction with 6.5-foot sidewalks, wider than the existing sidewalks.	Everett WA	\$3,000
YMCA of Snohomish County	Construction of two additional early childhood education centers that would serve the Everett and Mukilteo/Casino Road Communities.	Everett WA	\$1,000
City of Everett	Site development and purchase of manufactured non-congregate shelters to support youth and families experiencing homelessness.	Everett WA	\$255

City of Fife	Removal and replacement of two culverts with a larger fish-friendly structure designed to Washington Department of Fish and Wildlife (WDFW) standards.	Fife WA	\$2,500
City of Kennewick	This project funding would alleviate the capacity limitations of the intersection and enhance through put in all directions along the traffic-heavy Quinault Avenue.	Kennewick WA	\$1,980
Chief Seattle Club	Construction of a 9-story mixed-use project that would provide affordable housing, a health clinic, and a café to address American Indian/Alaska Natives homelessness in King County. This project also proposes renovating two existing facilities to improve mail distribution and community space.	King County WA	\$1,670
LifeWire	Project would secure and renovate low-barrier emergency and transitional shelter and service facility for survivors of domestic violence in East King County.	King County WA	\$1,000
Good Shepherd Youth Outreach	Expansion of food distribution operation to provide more households with fresh, nutritious foods in King County.	King County WA	\$220
King County Metro	This project would support King County Metro's movement toward full fleet electrification and deployment of zero-emission buses.	King County WA	\$3,000
Kitsap County	The "SR 104 Holding Lanes/ATMS" project will install an Active Traffic Management System (ATMS) and improve Ferry holding lanes on SR 104 to manage the flow of ferry traffic and relieve congestion within Kingston, Washington.	Kingston WA	\$2,065
HopeSource	Construction of a mixed-use facility that contains affordable and permanent supportive housing units, new child development center slots, a neighborhood nutrition center, and leasing space for social services organizations.	Kittitas County WA	\$2,500
Columbia Cascade Housing Corporation	Construction of a 52-unit assisted living facility, including memory care, to support the aging population in Klickitat County.	Klickitat County WA	\$2,500
City of Lacey	The College Street Corridor project would connect the two major activity centers at both ends of College Street in Lacey, WA to improve integration of the existing transit center and enhance pedestrian safety.	Lacey WA	\$2,500
City of Lakewood	Completion of the South Tacoma Way redesign and connection of completed segments directly to the north and south.	Lakewood WA	\$2,400
City of Longview	Completion of a comprehensive streetscape improvement project along Commerce Avenue that will improve safety, congestion, and accessibility along the corridor.	Longview WA	\$750
Port of Longview	To complete a feasibility study and to advance planning and preliminary engineering of the Port of Longview's Industrial Rail Corridor Expansion.	Longview WA	\$2,500
Sound Transit	The project will provide 37 miles of new BRT service connecting eight cities and includes major improvements at two I-405 interchanges. Stride BRT service will connect King and Snohomish counties from Lynnwood to Burien. I-405 BRT significantly improves travel times and reduces delay, improving job access and economic competitiveness for the region and state.	Lynnwood, Burien WA	\$3,000
Makah Tribe	Planning and development of an apartment complex to address the backlog of applications for housing on the Makah reservation.	Neah Bay WA	\$675
City of Pasco	Rehabilitation and expansion of existing community center to provide accessible classrooms, gymnasium, meeting space, and a business development center.	Pasco WA	\$3,000
City of Pasco	Design and construction of a roundabout at the intersection of Broadmoor Boulevard/Burns Road to improve safety and support future growth in the Broadmoor Area, where the City has planned 1,600-2,000 acres of future development.	Pasco WA	\$3,000

Asia Pacific Cultural Center	Construction of a new facility to house Asian Pacific Islanders (API) cultural and youth programs to benefit the community and broader population. Amenities will include a demonstration kitchen, cultural classrooms, API library, office and conference rooms, and large exhibition hall.	Pierce County WA	\$2,500
City of Port Townsend	For critical public sewer improvements to serve the agreed site for an emergency housing facility, allowing for the transition of the existing shelter capacity to the site and an expansion of capacity and wrap-around services.	Port Townsend WA	\$2,500
Jefferson Healthcare	Construction of a standalone childcare center in East Jefferson County that would additional child development center slots, including additional infant slots.	Port Townsend WA	\$1,500
Samish Indian Nation	Construction of a 3,000 square foot Early Childhood Learning Center that would double the capacity provided by the existing facility.	Puyallup WA	\$1,975
YMCA of Pierce and Kitsap Counties	To fund construction of a new child development center with substantially expanded capacity.	Puyallup WA	\$2,000
Renton Housing Authority	Construction of 76 units of affordable housing project to assist in long-term transformation of the Sunset Neighborhood.	Renton WA	\$2,500
Washington State Department of Transportation	To install improvements that provide a ship-to-shore charging interface and installs shore-side service improvements that support medium-voltage charging stations at the terminal. This includes construction of conduits, vaults, power cables, service connection, transformers, switchgear, energy storage systems, and other supporting equipment.	Seattle WA	\$2,500
HomeSight	Construction of homeownership cooperative with ground floor commercial space, interior building amenity space, a communal courtyard and sun decks on the 2nd and 4th floors with urban gardening opportunities.	Seattle WA	\$1,000
City of Seattle	Create and improve bike and pedestrian connections to the regional light rail system, connecting the corridor between the Mt Baker Station Central Link station with the East Link Judkins Park station. The project will also make a series of improvements at and near the critical Rainier Ave S and MLK Jr. Way S intersection.	Seattle WA	\$750
El Centro de la Raza	Completion of the final phase of life-safety seismic retrofit and some ADA upgrades to the historic El Centro de la Raza building.	Seattle WA	\$2,500
City of Seattle	Construction of a new walking and biking connection between two Duwamish Valley neighborhoods that currently lack pedestrian and cycling links and are highly impacted by air pollution.	Seattle WA	\$1,800
Seattle Housing Authority	Creation of a new service center for extremely low-income residents and the addition of solar panels to reduce future energy costs and emissions.	Seattle WA	\$2,800
City of Seattle	Rehabilitation of YWCA's Fifth and Seneca Building to create over 100 affordable housing units in downtown Seattle.	Seattle WA	\$3,000
Garfield Superblock	Permitting and implementation of planned renovations and improvements to the Garfield Superblock Park in Seattle	Seattle WA	\$500
Port of Seattle	To help fund construction and installation of an onshore power infrastructure on Pier 66, which will allow docked vessels to turn off their engines while docked, thereby reducing emissions at the port.	Seattle/Tacoma WA	\$3,000
City of Spokane	This project would install a High-Intensity Activated Crosswalk beacon for the arterial crossing at Wellesley to mitigate the high level of traffic stress for both cyclists and pedestrians near the Shaw Middle School and Northeast Community Center al Library.	Spokane WA	\$1,700
Community Frameworks	Developing a limited equity co-op development and funding down payment assistance for low-income buyers.	Spokane WA	\$2,500

Spokane International Airport	This project includes removing and relocating the existing exit lane from within the footprint of the existing Airport Terminal Concourse C passenger security checkpoint area. The new exit lane will be above a vehicle access ramp located in the basement and will require relocation of certain mechanical, electrical and plumbing (MEP) infrastructure to make way for the new construction in addition to providing new MEP services to support a future Terminal expansion project.	Spokane WA	\$2,780
City of Spokane Valley	Widening and reconstruction of Barker Road along Interstate 90	Spokane Valley WA	\$3,000
Suquamish Tribe	Construction of the roundabout and bridge will create a much safer commute for both tribal and non-tribal members traveling to and from Chief Kitsap Academy and West Sound Academy.	Suquamish WA	\$1,800
Northwest Seaport Alliance	Will improve rail operations at the NWSA and Port of Tacoma by making the yard more efficient and ensure the yard can consistently operate at its full capacity.	Tacoma WA	\$2,500
City of Tacoma	The Links to Opportunity Streetscape Project is located along a major corridor of historically underserved neighborhoods and addresses major deficiencies in the sidewalk and pedestrian areas along Martin Luther King Jr Way (MLK Way) and Division Ave and maximizes the benefits from the Sound Transit Hilltop Tacoma LINK Light Rail Extension.	Tacoma WA	\$2,300
City of Tukwila	Replacement of the existing 42nd Ave South Bridge with a new structure that will better serve anticipated growth and provide better pedestrian and cyclist accessibility.	Tukwila WA	\$1,620
City of Vancouver	Project FIRST improves Vancouver, WA's SE 1st Street corridor by providing travel and turn lanes for vehicles, separated sidewalks for pedestrians, and a dedicated cycle track for bicyclists and micro-mobility users.	Vancouver WA	\$2,500
City of Vancouver	Construction of a 2,200 square foot commercial kitchen to support local food entrepreneurs and small food-based businesses.	Vancouver WA	\$2,000
